## STYLING AND DECORATIONS

We appreciate your understanding and commitment to maintaining a sustainable and environmentally-friendly wedding experience at The Vale Restaurant. We are more than happy to accommodate your desire to bring in third-party suppliers for decorations and styling to add a personal touch to your special day.

To ensure the preservation of our environment and in line with our values, we kindly request that you refrain from bringing any glitter or hazardous materials to the venue. Glitter, in particular, is known to have harmful effects on the environment and can be challenging to clean up. By avoiding the use of glitter and hazardous materials, we can contribute to creating a more sustainable event.

Furthermore, we encourage the use of biodegradable confetti if you choose to incorporate it into your celebration. Biodegradable confetti is designed to naturally break down over time, minimizing its impact on the environment.

If you have any questions or require assistance in sourcing environmentally-friendly decorations or biodegradable confetti, our events coordinator will be happy to provide recommendations or connect you with reliable suppliers who share our commitment to sustainability.

Thank you for your cooperation in helping us maintain an eco-conscious approach to your wedding celebrations at The Vale Restaurant. We look forward to working together to create a memorable and environmentally-responsible event.

We work with some amazing and talented suppliers who can make your celebration come to life! Please ask us about our suppliers!
